SAVE THE EARTH

Introducing TERI Press

TERI Press is the publishing arm of The Energy and Resources Institute (TERI), a premier research institute, working in the areas of energy, environment, and sustainable development. Over the years, TERI Press has metamorphosed into a world class publisher of books, journals, and magazines, ranging from reference titles to popular and general reference books. In an initiative towards educating young minds on environmental issues, TERI Press has launched a large number of titles for children. Extensively researched and beautifully illustrated, these books cater to a wide range of age groups, from very young children to young adults. These books aim to educate and stimulate students and make them conscientious individuals, who can grow up to be future green citizens.

Publish with TERI Press

We invite proposals and manuscripts from academics, freelance authors, and professional writers for our children's books publishing programme. Prospective authors may send a soft copy of the synopsis of their publishing proposal, along with a brief résumé at teripress@teri.res.in and/or a hard copy of the same. On the subject line of the e-mail, please mention Proposal/ Manuscript for Junior Science Division.

TERRAVISION: A SERIES OF FILMS ON DANGERS, SOLUTIONS AND HOPES

We all have been witness to issues, such as electricity and water scarcity, global warming, deforestation, and resource crisis. However, some smart and innovative practices exercised by a few people across India have benefited the Indian society in many ways. TERI has acknowledged such initiatives and is also highlighting them through its films. These films showcase the success stories of sustainable living at all levels – homes, schools, and communities. To name some, *The Earth We See and The Earth We Want*, *Uttam Urja*, *Water* bring to light the benefits of community adoption and monitoring programmes in schools, renewable energy, and water harvesting techniques respectively.
